Be Healthy**

BONE BUILDING FORMULA™

The Bone Building Formula™ is a great addition to any nutritional program, whether you're an athlete or just have an active lifestyle. Bone Building Formula™ contains calcium which, with regular exercise and a healthy diet, helps teens and young adult women maintain good bone health and may reduce the risk of osteoporosis later in life. Bone Building Formula™ also contains magnesium, which is an essential mineral involved in more than 300 systems in the human body. Magnesium is in many foods, but is found mostly in green leafy vegetables. The USDA says we aren't eating enough fruits and vegetables in our diet, and the refined foods, which make up most of our diet, generally have the lowest magnesium content. Magnesium is another key nutrient that promotes optimal health and wellness!*

Item # 50224 - 180 Capsules

Supplement Facts

Serving Size: 6 Capsules Servings Per Container: 30
